

# LIFT PRODUCT ACCESSORIES

We make the lifts. Accessories make the lifts yours.

## LOCKLIGHT™

**PROVIDES AN INSTANT GREEN LIGHT VISUAL CONFIRMATION WHEN A LIFT IS LOWERED ON ITS LOCKS.**

### #FA834-KIT

**110v LockLight™ Kit** with hydraulic adapters

### #FA835-KIT

**220v LockLight™ Kit** with hydraulic adapters

### LOCKLIGHT PROVIDES PEACE OF MIND.

Before any under vehicle service is performed by a technician, a lift should be set securely on its mechanical locks. But this doesn't always happen. Improper use can result in technician injuries and may be subject to thousands of dollars in citations and fines from agencies such as OSHA and CCOHS. Either way, misuse of a lift's integrated locking system presents a major risk to a shop.

### IT'S EASY TO PROTECT YOUR TECHNICIANS AND YOUR BUSINESS.

- Includes indicator light assembly, pressure switch, mounting bracket and 10' of electrical wire.
- Retrofits easily to existing lifts\*

**PRESSURE SWITCH**

**MOUNTING BRACKET**

\*LockLight™ is compatible with most surface and high-pressure inground lifts that use an electric/hydraulic power unit providing an unused pressure port is available.
